

Brantwood Park

- Currently no dogs are allowed in any part of Brantwood Park

What we propose:

- The 'no dogs allowed' designation remains for the tennis courts and the entire park south of the tennis courts excluding the pathway along the river and the pathway joining Onslow Crescent with the river pathway.
- Dogs 'on leash' would be permitted along the pathway – which is the strip of land along the Rideau River and the paved pathway joining the river to Onslow Crescent. This allows dogs and owners access to the Greystone property pathways to the north and the Rideau River pathway to the south leading to Windsor Park.
- “Dogs off leash” permitted by time-of-day and seasonally in the green space west of the tennis courts which is the baseball diamonds and outfield areas.
 - Off leash permitted at all times: Oct 1st to May 14th (fields are not booked by sports teams).
 - Off leash permitted by time of day: May 15th – September 30th, 9 pm to 9 am; “on-leash permitted” all other times
