

Migratory birds are now arriving in Ottawa!

Every year in Ottawa, approximately 250,000 birds collide with **windows** and the vast majority will not survive, including Species at Risk. Window collisions are a very real threat to birds, especially during spring and fall migration.

Safe Wings Ottawa's Residential Bird Collision Solutions Spring Campaign encourages you to do your part to prevent bird collisions with easy window solutions.

From May 13-28, 2023, Wild Birds Unlimited is offering a 15% discount on all *Feather Friendly* window collision prevention markers online or in-store at their ottawa.wbu.com and kanata.wbu.com locations.
